

PLAN FOR COORDINATED PARKLAND AND OPEN SPACE Washtenaw Metro Alliance

The vision of this plan is to create an interconnected system of open space throughout the Washtenaw County Metro Alliance region that supports ecological function, biodiversity, water quality, productive farmland, recreation opportunity and scenic character for current and future residents.

The plan sets forth a range of action items meant to guide open space preservation efforts across the region. It focuses on identifying an interconnected network of green space that conserves natural ecosystem values and functions, guides sustainable development, and provides associated economic and quality of life benefits to the county's communities.
